FIFA is back, and better than ever. FIFA is back, and better than ever. FIFA Ultimate Team New cards and new ways to play. New cards and new ways to play. UEFA Champions League The greatest club competition in the world. The greatest club competition in the world. FIFA 20 It's no secret that FIFA 20 is the greatest football game of all time, and FIFA 22 is poised to build on that legacy and deliver even more next-generation football fun. This is your guide to everything that's new in FIFA 22. Released FIFA 22 in 2109 and watched as my hope was only shattered by the fans (oh, EA FOOTBALL). When the release was announced, I had the idea that we would only grow. But in a twist I could not have imagined, FIFA 22, I was told, is the only title I will ever play again. And it's not going back. It's no longer the greatest football game. Not even close. And so the question has arisen: Why would you play FIFA 22 when you have FIFA 21, which is already packed with fun, new features, and new card packs? And that's not just because it would be too much work to throw in new features while simultaneously overhauling the UCL. It's because most UCL features will still be a breath of fresh air and, trust me, I desperately want to play it, even if it's just for a
