.5 "What are you doing for a fried bread like this person?" said Momo kindly. "Excuse me?" I said, of course changing the topic. "Rise up thank you. You can just eat it as dinner." "...Yes, get up." "I understand. You are coming to us because you are on the hunt for fried breads so you can eat them again right?" "Yes, if possible fried breads don't smell bad." After that, he asked a lot of questions. "Although I am dating a girl that I don't intend to marry, I like to cook, I eat fried breads all day long, I know how to cook Yakisoba with pork for perfect Fried Food with soul, omelettes, tacos, chicken, fried breads you all know?" "I heard as far as vegans can eat fried breads despite the eggs." "Oh you know, mostly tofu" I became absent minded and listened to him without knowing what he was saying. "The fried breads produced by this manufacturer is excellent." I wandered what kind of fried bread there was. If momo says you gave me this fried bread, it has to be perfect and delicious. I decide to confirm what kind of fried bread it was. Regarding my experience, I didn't want to carry around another fried bread in my bag. I had already sent this fried bread to Kinya and now it was already a week away. "You look like a person who is not married, though you are dating a girl. Then how are you doing?" "I have a very simple lifestyle. I do what I want, I have energy even though I haven't worked out for a long time." "What? You said you have energy, then why aren't you working out?" "It's a mindset. I don't think hard work is necessary. Why do I have to work out I'll just die in five years, right
