Online Battle Challenge* as you travel together with your friend in "Elden Tale" Online.

*Upcoming features

- Wish to delve into the world of a protagonist who is trying to stay alive without memories after a catastrophe? Adventure the world and make friends with people who have lost their memories along the way.
- Wish to enter the labyrinths of a game with a protagonist who has already experienced a lot? Then your destiny awaits you in the Lands Between.

*MAP INFORMATION

- Lore of Isles Below* This map completely covers the Isle of the Bizarre (hidden dungeon) and two dungeon (Forest of War, Arbok's Lair), which is located in the Lands Between. The map can be seen in the menu above.
- Current Dungeons* Dungeons go along an underground river. A variety of damage dealers such as bosses and monsters inhabit dungeons. Dungeons are completely different from each other and share no linear story. For example, the door that allows you to descend into the dungeons remains locked at times, and you can descend to find new dungeons in the maze-like underground. (Dungeon entrances are collected on the map information screen)
- Corridors of Magic* You can enter an area to leave and return to a previously entered area using

- [Auto-Player Select] Players will be divided into groups of 3. During a game, whichever is "out" will be automatically selected for participation. As a result, you can save time by not waiting for the other player's input. - [One-Time Turn] Each game begins with a fixed set of maps and monsters. As each set is cleared, it will be replaced by another, and gradually the game will begin to deplete. When it becomes clear the game will continue indefinitely. - [Action Points] When a monster's attention is focused on you, you can make use of Action Points to attack. The Action Points will be

depleted when your attack is successful, and will be replenished when you use a Break. - [Limit Break] A Limit Break is a method to break out of Action Points depletion. While using a Limit Break, you are able to charge up your Break gauge. When the gauge is full, you will be able to use another Action Point to attack. - [Auto-Break] When there are no Action Points in your Break gauge and no monsters are attacking, your character can Break. When your character is broken, your turn will be over. - [Break Gauge] The Break gauge is used to break out of Action Points depletion. While using a Limit Break or when a monster is not attacking, charging up your Break gauge will reduce Action Points depletion. - [Destroying Monsters] When you are successful in causing your character to break in battle, you can use the game material gained to buy weapons and armor. The degree to which your character is destroyed will also be used to improve the quality of your equipment. - [Equipment] Depending on the character's strength, they may have the opportunity to select from various equipment to improve their performance. After they are equipped, you can use the character's special skills to activate it. - [Shrine] A Shrine will be placed in the world randomly each time the game begins. The shrine will hold a special item, and when purchased by another character, can be used to improve the quality of the items. - [Tactics] During a battle, make a quick judgment of the battle situation in order to strategize. - [Skills] Depending on the character's current equipment, it will have special skills
