once you have deleted the folder, i suggest you to go to control panel ->programs and features -> components ->scroll down to microsoft flight simulator x and delete it. after that, click on close or finish. thank u very much for this beautiful sim. i am new to this forum and found this site by following something along these lines. my question is do u have any way of buying the airport? i tried to find your site in google but no luck thus far. if you do not mind the question i would be very greatful if you could answer. i would like to see if its possible to purchase istanbul airport istanbul atatrck airport, icao: ltba is the main international airport serving istanbul, turkey and also the busiest airport in turkey by total number of passengers. it was originally opened in 1924 and is located in yesilky which is on the european side of the city 24 km west of the citys centre. the airport was renamed, in 1980, to atatrck international airport in honor of mustafa kemal atatrck, the founder and first president of the republic of turkey. the airport served over 51 million passengers in 2013, making it the 17th busiest airport in the world for passenger traffic and 10th busiest in the world for international passenger traffic. when looking at european statistics it was ranked the 5th busiest airport in 2013. hey. i downloaded the ltba version for fsx. i can not find it anywhere. i double clicked on the addon. a window came up saying the airport is not installed. i tried downloading it to my desktop. i tried deleting it from the scenery folder. i tried removing the ltba-lib-grass.bgl from my scenery folder. i tried going to the scenery folder and delete the ltba-lib-grass.bgl. i was not able to find the airport on the map in p3d. i tried installing the addon to my scenery folder again but it still did not work. where is the ltba airport for fsx. please help me. thanks. 5ec8ef588b
