12. ennamma kannu (2009)p. c. mohan decides to write a comedy titled ennamma kannu (i am like that), which tells the story of a woman who is in a relationship with the father of a girl who is about to get married. watch ennamma kannu full movie online here dhanush's past movies were never good because of the poor script and direction. but his latest movie life of pi is a different one. the script and direction is excellent. the movie is based on the true story of pi, a survivor of a shipwreck, who survives on a lifeboat with a bengal tiger (or pingu in english), an orangutan and a hyena. interestingly, the tiger is the only one who understands pi's language. the movie is a journey, a love story and a drama all rolled into one. watch this movie and you will know why dhanush is called the tamilsh superstar. why it has not been titled as visaranai for long? sure, he has played the role of a police officer in the movie. but he has also done the role of a person who dons the uniform for the first time in the movie. he has played the role of a person who was humiliated by the officials for no reason and he could be forgiven for that. one of the people who were not in the film is rajnikanth. dhanush, the director, had planned to cast rajini as the prime minister. but rajini was busy with murattu kaalai at that time. but the movie was not at all affected by his absence. the movie is like the real life of dhanush's father, who is a tamil teacher. the only difference is that he plays the role of a priest in the film. the way the movie is written, and the way it is shot, i am confident that this movie will be a blockbuster.
